Lamb Cuts Price List & Order Form

(at January 23, 2010*)

USDA Prepackaged Meat Sellers License #AG-L1007963PPM
 Certified Flock (#OR70) in Oregon Scrapie Flock Certification Program
 ~Grown in Oregon~

We're pleased to offer USDA inspected lamb cuts for sale. Our lambs are born and raised on our farm in Newberg, Oregon, USA. Their diet consists solely of pasture grass and locally raised grass and alfalfa hay. They don't receive grain and they are never given growth hormones or antibiotics.

Both Jacob and Navajo-Churro sheep produce lean, mild tasting cuts of meat and our lambs are processed at Mt. Angel Meat Company, a USDA inspected facility located in nearby Mt. Angel, Oregon, where the meat is aged for 10 to 12 days before being cut.
